

Applying Emergency Executive Order 20-81, *Requiring Minnesotans to Wear a Face Covering in Certain Settings to Prevent the Spread of COVID-19 to Minnesota State* July 24, 2020

Purpose: The matrix below is intend to serve as a guide in applying the standards and expectations set out in Governor Walz Emergency [Executive Order \(EO\) 20-81](#), *Requiring Minnesotans to Wearer a Face Covering in Certain Settings to Prevent the Spread of COVID-19* to college and university settings and the system office of Minnesota State.

General: Effective Friday, July 24, 2020 at 11:59PM, Minnesotans must wear a face covering in indoor businesses and indoor public settings and workers must also wear face coverings outdoors when it is not possible to maintain social distancing.

Minnesota State colleges, universities, and system office are subject to this EO including all campus and leased spaces. Nothing in EO 20-81 should be construed to prevent a college or university from developing a policy that imposes more protective requirements with respect to face coverings, consistent with applicable law, than those in the EO or applicable industry guidelines.

Governor Walz strongly encourages everyone to have a face covering with them at all times.

As a reminder, wearing face coverings is not a substitute for frequent hand washing, avoiding touching the face, and practicing social distancing, which are the best tools to help prevent the spread of illness.
